TREASURE YOURSELF TO THE BEST

Summer made its authentic arrival over the weekend. Robert Fullman, 8, of 130 Beech street, knew it was hot when he checked the mercury above the 90 mark both Saturday and yesterday.

Here's the Answer

Andrew and Vincent Hill, Philadelphia, cooled off in the borough yesterday while changing seats on the miniature ice cream stand they found on the steps of a local beer distributor.

After a report on the Pittsburgh negotiations by Local 2177 President Paul Zelenak, more than 60 members at the holiday weekend meeting in the Diecasters club, thanked the local president and voted to send a congratulatory telegram to President McDonald.

A brief strike against the Bethlehem Steel company ended on Friday when management and union negotiators agreed on a contract.

Secretary Daniel Stetler yesterday reported on a blood bank program which will be established by the union. The program will provide blood for any member of any Bethlehem worker's family if the program becomes a success.

The program will go into effect when more than 200 pints of blood have been contributed to the bank.

Officials Back Park Lifeguards

All Done on This Side
A blistering weekend sun drove area residents to the nearest swimming pool. Mr. and Mrs. Earl Gehert, Pennsburg, found the water at Sunnyside park cooling, but the sun might be hot. Even a liberal use of suntan lotion was not adequate for Winter white skin.

10,400 Jam Upper Perkiomen Park 90-Degree Heat Blisters Area; One Man Collapses

A blazing, relentless sun provided Pottstown with its hottest weather of the year yesterday and Saturday. The torrid sun, following on the damp, chilly heels of a rain-washed June, swelled the mercury to a 1955 high of 91 on Saturday and yesterday pumped thermometers to an uncomfortable high of 90.

The area's only reported casualty of the heat, was John C. Noble, Pottstown Star route, Harmonyville, who fell unconscious late yesterday afternoon at his home.

Noble collapsed in the yard of his home as he returned from work. He regained consciousness in his Pottstown hospital bed early last night.

Noble was hurried to the hospital in the Good Will ambulance. His condition was not serious.

MOST POTTSTONIANS fled the borough for cooler confines at beach and park.

Many area residents were among the thousands who thronged to Upper Perkiomen Valley park, Green Lane.

Park superintendent Otto Quinke reported 10,415 visitors at the sprawling park on Saturday. The tabulations for the day showed 2113 picnickers and 2083 bathers. More than 2000 cars were parked at and near the park.

Quinke called yesterday attendance "very heavy."

THE SWIMMING pool at Sunnyside was crowded both yesterday and Saturday. There were 30 picnics in the Sunnyside grove yesterday and there will be more today.

Other residents sought relief from the heat at the French Creek State park and Lakeview park, Royersford.

Even larger picnic crowds are expected at area parks today and the weather has promised to co-operate.

It will be fair today and sun won't get quite as hot.

Saturday's blistering heat chased thermometers to 91 in mid-afternoon.

The coolest temperature of the day was recorded early Saturday morning when the mercury dropped to 72.

Yesterday's high of 90 was contrasted with a morning low of 74.

Fire Sweeps Field Of Barley Straw

Fire burned through four acres of barley straw on an East Coventry farm yesterday morning but firemen brought it under control before it could damage a nearby wheat field.

The fire was on the farm of Mr. and Mrs. Earl Haws, Cedarview road, one mile east of the Brethren church, at 11 a. m.

Haws was burning brush on the farm when flames spread to the dry straw and roared through the field.

Firemen from the Ridge Fire company rushed to the scene and extinguished the fire which was headed for a four-acre field of wheat.

Haws said damage was light since he planned to plow under the barley straw.

BOY, 2, HURT; RUNS IN FRONT OF MOVING CAR

Jeffery Pittinger Suffers Possible Skull Injury, Cuts and Bruises

5 AREA ACCIDENTS NOTED AT HOLIDAY MID-WAY MARK

A two-year-old Pottstown boy suffered a possible skull injury and cuts and bruises when he ran into a moving car Saturday afternoon.

The victim, Jeffery Pittinger, 1064 Queen street, ran into a car, operated west on Queen street, by Lloyd G. Stephens, 1384 Queen street, although he was warned from the sidewalk by a neighbor to be careful.

Stephens told police that the boy darted from between a parked truck and parked car and ran into the side of his car.

The little boy was admitted to Memorial hospital for treatment and observation.

A hospital spokesman last night called his condition "good."

THERE WERE four other area accidents past the mid-way point of the long holiday weekend.

Five persons attending the Seventh Day Adventist, Allegheny conference, meeting at Pine Forge institute, Saturday night were injured when their car crashed into a utility pole at Chestnut and Manatawny streets.

Martha Reinhardt, 55, of Manhattan, N. Y., suffered a cut under the nose and mild shock.

Felix Reinhardt, 58, of Manhattan, suffered a cut of the chin which required two sutures.

Henrietta Smith, Bronx, N. Y., operator of the large sedan, suffered a deep cut of the right knee.

Charles Smith, 67, same address, suffered a cut above the right eye and chest pains.

Adelaide Walker, 67, Bronx, N. Y., suffered injuries to both legs.

All five were discharged after treatment in Pottstown hospital dispensary.

JULIUS KENNEDY, 39, of Box 58, Uchland, Chester county, will be charged with reckless driving after he was injured in an accident along Route 100 early Saturday morning.

He suffered only minor injuries but his 1953 sedan was demolished. Coatesville State Trooper Wilbur Derr said he would file charges against Kennedy.

Kennedy was proceeding south on Route 100, seven miles south of Pottstown, when he ran into a concrete bridge. He was discharged after treatment at Pottstown hospital dispensary.

TWO CARS were damaged early yesterday afternoon when they collided on South Keim street.

Louis Thomas, Pottstown RD 3, told police he was traveling south on South Keim street, and collided with a car.

Borough Heads Of Perkiomen Ask Protection

Borough officials throughout the Perkiomen Valley area were unanimously in favor yesterday of lifeguards for the Upper Perkiomen park at Green Lane.

Town Fathers in Pennsburg, Red Hill, East Greenville, Green Lane and Schwenksville all agreed that Montgomery County commissioners should hire lifeguards "for the protection of the public."

The park, jammed by more than 20,000 swimmers and picnickers yesterday and Saturday, has been the scene of five drownings in the past 15 years—the most recent one just two weeks ago when a 14-year-old girl died in the waters.

The State Health department Friday notified the county commissioners that the swimming area will be closed unless proper safety precautions are taken, which means the hiring of lifeguards.

YESTERDAY, The Mercury discussed the park situation with an official of the Telford Diving unit, the rescue squad that found the body of the 14-year-old girl at the park two weeks ago.

The official said three lifeguards, patrolling in boats, would be needed to provide adequate supervision at the park.

Meanwhile, officials in communities surrounding the park were talking like this:

James E. Tagert, Burgess of Red Hill, said, "They have enough policemen and guards around the park. Why don't they hire one or two less guards and put lifeguards there? A lot of people from Red Hill use the park. I'd like to see them better protected. I'm certainly in favor of hiring some."

HENRY J. LACHMAN, president of the borough council in East Greenville, said there were no two ways about the situation.

"I definitely think they should hire lifeguards for the park."

Harry E. Imbody, the Burgess of Green Lane, felt the same way. He said, "It certainly wouldn't hurt to put lifeguards in there."

Jonathan L. Miller, the Burgess of Schwenksville, said he was in favor of lifeguards, too. "It certainly doesn't cast reflections on the present management or the work of the guards to say that it would be fine to have lifeguards there for the protection of the public."

FORREST J. HENRY, Justice of the peace and insurance man in Red Hill, said, "It's my personal opinion that lifeguards should be hired for the park. They should have been put in a long time ago. We up here knew there weren't lifeguards but didn't do anything about it. I'm for it one hundred percent."

Frank Hacker who is one of the officials of the Telford Diving unit which has hunted bodies in lakes and rivers throughout the Pottstown area said lifeguards were a necessity at the park.

"It's amazing that there have only been five drownings at that park when you consider the amount of water there is and the number of people who swim there."

"I'd say the people have been very fortunate so far."

HACKER WAS asked how many lifeguards would be needed and how they could be used to best advantage.

"I'd say that there should be three lifeguards for a swimming area that size."

"There should be a 'life-line' stretched across the water at a certain distance from shore. Swimmers should be prohibited from swimming beyond that line."

"The lifeguards should patrol along that life-line in row boats. I think that that way they'd have a much better chance of seeing somebody going down than they would if they were just out there."

5 in Family Hurt While Taking Ride In New Automobile

A Pottstown area couple and their three children were injured Saturday night when the new car they were "trying out" crashed head-on with another car on Route 29 one mile south of Green Lane.

Eugene Metz, 32, of 37 Fourth street, Pennsburg, suffered a puncture wound of the right arm. His wife, Betty, was bruised.

Their three sons, Stanley, 12, James, 7, and Robert, one month, also suffered cuts and bruises.

The driver of the other car was Lawrence E. Murphy, 49, of Royersford. He was arrested and jailed by State police on a drunken driving charge. He was released yesterday on \$500 bail.

The Metz car was traveling north on Route 29, Metz said the family was "trying out the new car" which had only 145 miles on it.

Murphy told Metz that he fell asleep at the wheel. The cars crashed head-on with sufficient impact to cause more than \$600 in damage to the Metz car and more than \$200 to the Murphy car.

Steel Firm, Union Okay New Contract

Employees of Keystone Drawn Steel company, Spring City, will get an average wage increase of seven cents an hour as a result of a new company-union contract.

The new agreement, effective June 27, was drawn up with the management and Local 544, International Association of Bridge, Structural and Ornamental Iron workers (AFL).

The wage increase is a hike of 4 percent in general wages.

For the past 14 years, the company and union have arrived at agreements without strikes or walk-outs. The agreements have resulted in a three weeks' vacation for employees, seven paid holidays and a health and welfare program paid by the company.

Keystone, which produces steel shafting and precision ground, turned and polished screw steel and drawn steel shapes, recently increased its capacity by approximately 40 percent in a \$300,000 expansion program.

Indian Rope Trick—In Reverse Wormy Hose Wiggles Right Out of Sight

DOWNEY, Calif., July 3 (P)—Well, sir, that Downey hose is still going down.

The hose has been weaving its way downward, like a strand of hersek spaghetti, at the rate of about three

Swinging Bridge Breaks; Tourists Dumped into River

CHEROKEE, N. C., July 3 (P)—One woman was killed and a score of more persons injured today when a swinging bridge collapsed near Cherokee and threw about 75 tourists into a river.

The bridge was a wooden affair swung on a cable across the Oconuluftee river. First reports were that the cable broke at one end as the tourists were crossing it on the Cherokee Indian reservation. The reservation is part of the Great Smoky Mountains national park.

John Russell, director of the Red Cross disaster service in the southeast, said at Atlanta that 33 persons were hospitalized at Cherokee and Bryson City, N. C., as a result of the accident. He said some persons fell on rocks in the river and were seriously injured.

No identification of any of those involved in the accident was immediately available.

The reservation is in extreme western North Carolina about 50 miles west of Asheville, N. C.

The bridge collapsed about 10 a. m.

2 Picnickers Killed By Lightning Bolt

COLUMBUS, Ohio, July 3 (P)—Lightning struck several persons at a picnic grounds at nearby Worthington, Ohio, today and first reports indicated two persons were killed.

Two others were believed dead and two seriously injured, said the state highway patrol.

The grounds are in a recreation area owned by radio station WRFD and are situated about a half mile in back of the station.

The spokesman said the two dead were children, and the other victims were adults. A single bolt of lightning was believed to have struck all of them.

Treatment of GI's in Allied Jails To Be Aired in Congressional Probe

WASHINGTON, July 3 (P)—The fate of American servicemen imprisoned in allied nations for criminal offenses will get a full airing soon in Congress.

This could become one of the hot issues in the closing days of this session.

Chairman Richards (D-SC) said in an interview the House foreign affairs committee will begin an investigation probably in another week to "get the full facts" on how convicted GI's are treated abroad.

By treaty, 15 allied nations have authority to arrest, try and imprison American GI's in criminal cases. Servicemen are subject to military courts in civil matters.

BITTER CRITICISM of this arrangement on the House floor last week prompted Richards to promise the investigations. He said it "will not be a whitewash."

The move is unusual because the House traditionally leaves the field

LOCAL NOTICES

Office closed until July 21, 1955.
Dr. Paul Z. Hoffman, dentist.

WASHINGTON, July 3 (P)—Senator Sparkman (D-Ala.), called today for prompt Senate passage of a resolution asking President Eisenhower to take the lead in creating an international commission to study full effects of atomic fallout on the world's populations.

Sparkman said approval of the resolution before the Big Four conference two weeks hence would arm Eisenhower with a powerful psychological weapon against anticipated Soviet moves.

Henry Cabot Lodge, chief U. S. delegate to the United Nations, said on June 21 he would propose a U. N. study of the effects of radioactivity when the General Assembly convenes in September.

Lodge's statement has had no apparent effect on demands that the Senate pass a resolution pointing toward the same result.

THE RESOLUTION has been before the Senate foreign relations committee, of which Sparkman is a member, for weeks. There were indications it might be brought up for a hearing within the next ten days.

Senator Payne (R-Maine) and 26 other senators are sponsoring the resolution, supported by the Federation of American Scientists.

The proposal would ask Eisenhower to instruct Lodge "to propose and urge the formation of an international scientific commission within the U. N. to study and determine the effects of living organisms of radioactivity released by nuclear explosions."

The United States has been criticized for the effects of the March, 1954, nuclear explosion at Bikini which injured fishermen on the Japanese vessel "Fortunate Dragon," 120 miles away. One of the crew later died.

THE QUESTION of continued testing of nuclear devices and their possible health hazard to the world was raised by India at the Bandung Afro-Asian conference. The atomic energy commission contends that nuclear weapons testing in this country has had no ill effects on health.

Sparkman said the July 18 Geneva conference among President Eisenhower and the heads of government of Russia, Britain and France "will be conducted in the shadow of revolutionary new nuclear weapons."

He opposed any idea that a ban on the testing of the powerful devices would by itself produce a useful international result. A simple agreement to stop testing, he said, would not in itself be profitable so long as production continued unabated.

Senator Mansfield (D-Mont.), also a foreign relations committee man, threw his weight behind the Payne resolution.

He said it was "particularly timely" in view of the Big Four conference and because of Lodge's position.

Church, State Appear Eager To End Feud

BUENOS AIRES, Argentina, July 3 (P)—The Roman Catholic Church and President Juan D. Peron's government today gave evidence that both are eager to settle their bitter dispute which kept Argentina in a turmoil for eight months.

The primate of Argentina, Santiago Luis Cardinal Copello, issued a message read in all Buenos Aires churches this morning urging "the clergy, religious associations and all the faithful to occupy the first line in the pacification of spirits in which we all must engage."

The Cardinal said he had shared the "sufferings and sorrow" for priests arrested and churches closed, and felt that since all the clergy now have been liberated and restrictions on the Church lifted it proved those measures were unjustified in the first place.

But he took steps to avoid any new tension between the Church and the government. He stayed away from services in Buenos Aires cathedral. Close associates explained he feared his presence might inspire a demonstration leading to new trouble.

Glider Flaps Its Wings

Reds Roll Out Sleek Jets For Aviation Day Flights

MOSCOW, July 2 (P)—The Soviet Air Force today staged a gala exhibition of military planes in spectacular variety—including 48 of its latest supersonic, single jet fighters.

The Aviation Day show at Moscow's Tushino airfield permitted foreigners their first glimpse of the new fighter and several other new Soviet aircraft. Western observers gasped as the 48 sleek jets whooshed over the field.

An aerial ballet featured a flap-wing radio controlled glider. This is the second year it has been on display. The Soviet Union apparently has only the single model.

Also unveiled were 50 twin-jet fighters, seven four-engine turbo-prop bombers and nine four-jet bombers.

ADDITIONALLY, THERE were 54 twin-jet bombers of a model

first seen last year as a prototype, four huge two-engine helicopters which seemed capable of carrying about 60 men each and a big new twin-jet transport.

There was music by a 500-piece band which accompanied stunt fliers who performed an aerial ballet of startling formations in the first part of the show. Relatively slow Yak-18s and gliders participated, some of the latter being radio controlled.

Then came more acrobatics at high speed by sweeping MIG-17 jets and a flypast of the new military planes.

The show ended with a mass parachute drop in which the colorful parachutes provided a dazzling sight over the field.

THE MOST unusual aircraft displayed by the Soviet Aviation Day show today was a glider of strange design with beating wings, Moscow radio reported.

It was flown by Lt. Gen. Rubanov, the broadcast said.

The strange glider, towed by a biplane, the AN-2, at first glance looked like any other, but its unusual features provoked shouts of astonishment, the broadcast said.

"The glider unhooked from the plane and continued its flight independently," the announcer declared. "At first, it soared in the sky and then it started flapping its wings like a bird."

Husky AWOL Airman Named In Texas Triple Slaying

GALVESTON, Tex., July 3 (P)—A husky AWOL airman sat apparently unconcerned in his Galveston county jail cell today after admitting he killed three members of a Dickinson, Tex., family who had befriended him and had shot and robbed an El Paso filling station attendant.

District Attorney Marsene Johnson Jr. said the man, Ellis Euclid Laubon, 26, of Altus, Ark., had signed a statement that he had shot Mrs. Ruby McPherson, 42; her mother, Mrs. Zola Norman, 63; and her son, George, 12, to death.

three charges of first degree murder had been filed against him.

Officers quoted Laubon as saying he shot the members of the Dickinson family to death in their beds because he feared they might turn him over to the Air Force for being AWOL.

The airman was flown here late yesterday from Nogales, Ariz., by Texas rangers. Mexico authorities turned him over to Texas officers after ruling him an undesirable alien. Laubon signed a waiver of extradition for his return to Texas.

7000 Jam Adventist Tent Sessions Despite Heat

TWO PASTORS ORDAINED AT SATURDAY MEET

A record number of 7000 persons jammed the Pine Forge tent of the Allegheny conference of Seventh Day Adventists in more than 90 degree heat over the weekend.

This was the largest number so far to attend the 10-day camp meeting at the local meeting grounds.

Yesterday they heard a talk by Elder M. S. Banfield, secretary-treasurer of the Allegheny conference.

Other speakers were Elder L. R. Preston, of the Jersey City Seventh Day Adventist church; Elder George E. Peters, pastor of the Elmwood Adventist church and former secretary of the General Conference, and Frank L. Peterson, associate secretary of the General Conference, Washington, D. C.

A TOTAL of 4000 persons attended sessions on Saturday which were highlighted by an ordination service for two pastors of the faith.

They were C. B. Tivy, Dayton, Ohio, and Milton Thomas, Columbus, Ohio.

Elder Peterson gave the ordination service address with the charge presented by Elder W. L. Cheatham and the prayer by Elder M. S. Banfield.

Elder C. Dunbar Henri, president of the Liberian mission in Africa, was the Saturday night speaker. He told of the work of Christian missionaries in West Africa.

YOUNG PEOPLE attended separate programs held throughout the weekend and directed by Elder Addison V. Pinkney, youth secretary of the Allegheny conference.

In addition, a separate youth tent program was conducted by Elder M. A. Burgess, Sabbath school superintendent, and Alysce Lewis and Beatrice Linkhorn.

Many people attending the camp meeting, which will conclude this Sunday, are staying at the grounds using camp sites provided by the conference.

The first in the series of special programs began the past Thursday.

Protestants See Dream Realized In United Center

NEW YORK, July 3—Protestantism's 30-year-old dream of a united church center as a national headquarters of church groups seems to be realized. Definite plans are announced for a block-long building on Riverside drive, New York, near many cultural institutions of world renown.

A 17-story limestone-faced building will be erected to house the offices of the National Council of the Churches of Christ in the U. S. A., and a number of its 30-member communions, their boards and agencies, at a cost of \$14,000,000. The site is near Columbia university, Riverside church, Union Theological seminary, and the Jewish seminary.

Edmund F. Wagner, president of the board of trustees of the church center, says the building will be erected in the block on Riverside drive between 119th and 120th streets, overlooking the Hudson river on a site provided by John D. Rockefeller Jr.

In addition, Rockefeller has offered to pay for a modified Gothic limestone exterior to harmonize with other non-commercial structures nearby.

POPE RECEIVES REPORTERS

VATICAN CITY, July 3—Pope Pius today received a large group of Rome city news reporters and urged them to write with care their stories of the city's daily life.

Bible Words for Today

EXODUS 20:8—"Remember the sabbath day, to keep it holy. Six days you shall labor, and do all your work; but the seventh day is a sabbath to the Lord your God: . . ." (RSV)

The holy keeping of the Lord's Day is the first line of offense and the last line of defense of our Christian civilization. Where this day is not kept there is no time for holy rest and worship, and where there is no worship there is no reverence for God or man, and where there is no reverence there is no lasting morality, and where there is no morality there is only the barbarity of godless chaos. Where anything goes on the Lord's Day everything worthwhile is soon gone. Where we keep this day for rest and worship there are rich blessings.

Christ stated that He came to fulfill the law; He fills it to its fullest. He says, that man was not made for the sabbath but the sabbath for man. In other words, we need it, and God who supplies all our needs, gave it to us.

A young Chinese on learning of the significance of the Lord's Day exclaimed: "I understand, when we are heedless of the sabbath it is as though God invited us into the baker shop and gave us six of seven loaves of bread that we might use them as we choose and then we slip in and take as by theft the seventh."

Keep the sabbath Holy and the sabbath will keep you holy.

Argentine Events Sharply Criticized In Rites at St. Patrick's Cathedral

NEW YORK, July 3—Roman Catholic Churchmen sharply criticized recent events in Argentina at a solemn mass in St. Patrick's cathedral today on behalf of persecuted people throughout the world.

Francis Cardinal Spellman presided at the services, attended by 2500 worshippers, at which prayers and fasting were urged on behalf of persons deprived of the "God-given rights of life, liberty and the pursuit of happiness."

Both the Very Rev. Msgr. William T. Greene, who delivered the sermon, and the Most Rev. Joseph F. Flannelly, singled out the South American nation where some church activities and leaders have been targets of government discipline.

Bishop Flannelly, auxiliary bishop of New York and director of the cathedral, said "we have been astounded by the recent happenings." Msgr. Greene, director of music for the archdiocese, preached the sermon and said of Argentine President Juan Peron:

"At every stage of the quarrel the dictator has forced the pace. His charges against the Catholic church have been cloudy and unsubstantiated. His actions have been consistently provocative."

BISHOP FLANNELLY read a special prayer for "our persecuted brethren throughout the world. We seek for them deliverance from the enemies of God's church."

Speaking from the pulpit prior to the sermon, the bishop referred to Argentina where "between the dictator's will and the people's rights only one earthly protector remains, their church, the Catholic church."

In the sermon, Msgr. Greene said that the faith of the "overwhelming majority" of the Argentine nation has been challenged "not as a matter of regulating relations between the church and the state but to remove an obstacle from its totalitarian path."

Missionary Ends Tour of Japan

NEW YORK, July 3—Dr. E. Stanley Jones, American Methodist missionary to India and world-renowned evangelist and author, has just concluded three months of intensive preaching services in Japan.

His Japan tour—his fourth in recent years—included meetings in 72 of that nation's larger cities, attended by hundreds of thousands of people and with many persons signing "decision cards" showing a desire to join the Christian church.

The meetings were under the auspices of the National Christian council (interdenominational) of Japan.

"The response we have had in these 72 cities has been considered a miracle, especially in view of anti-American criticisms in Japan," said Dr. Jones in an interview as he left Tokyo. "When we counted the decision cards, we found the total number was 24,000."

America's happiest birthday!

This July Fourth, America celebrates its 179th birthday. Independence Day, we call it, because on this day, in 1776, the thirteen colonies declared themselves a free nation of free men.

But should Americans single out any one particular day as Independence Day?

In this great land of liberty, isn't every day Independence Day?

Every day we are free to speak our mind.

Every day we are free to read what we want to read.

Every day we are free to worship as we want to worship.

Every day we live in a land of peace and good will—a land that respects the God-given dignity of each human being.

For all our freedoms, for all our blessings, we believe that Americans should be devoutly grateful—not only on America's birthday, but 365 days a year.

Freda Joan Hipple, Michael Dolla Wed

Freda Joan Hipple became the bride of Michael Daniel Dolla Saturday in a double ring ceremony performed by the Rev. Laurence T. Beers, pastor, in First Baptist church.

Miss Hipple, 255 North Penn street, is a daughter of Mr. and Mrs. Russell Hipple, 348 Chestnut street. Mr. Dolla, who resides at 548 Howard street, Stowe, is a son of Mrs. Anna Dolla of 557 Howard street, Stowe.

A recital of bridal music preceded the ceremony, attended by the immediate families and close friends of the couple. Mrs. Irma Miller was organist, and Rose Keeley was guest soloist.

Given in marriage by her father, the bride chose a gown of tulle and tissue taffeta, the fitted bodice styled with cap sleeves and laced collar. The full skirt was banded with the same lace.

With her gown the bride wore a small plateau headgear and a chapel veil. She carried a prayer-book topped with a white orchid.

Janis E. Hipple attended her sister as maid of honor. Her

gown was of pale blue faille with an overskirt of embroidered white organza, strapless and a short jacket.

The maid of honor wore a matching plateau headgear and carried a cascade of rubrum lilies.

Mr. Dolla was attended by his brother, Daniel Dolla, as best man. Guests from Spring City, Royersford, Boyertown, Stowe, Pottstown and Washington, D. C., were received after the ceremony at the Bramcote hotel.

The couple then left on a weekend trip to Ocean City, N. J. Upon their return they will reside at 60 North Franklin street.

The bride is employed at Ritzenhouse Hosiery mills, Boyertown. Mr. Dolla is an employee of Reymann Manufacturing company, incorporated, Royersford.

Philadelphia's Priceless Heritage

COURTESY OF THE NATIONAL PARKS SERVICE

The right to think your own thoughts; to plan your own lives; to worship your own way. These things are labeled "free" in this great nation. Yet such freedoms are truly priceless.

It was Philadelphia's privilege to be the city where such American principles were translated into a Declaration of Independence. It

was here that the Founders of a new nation convened on liberty's behalf.

The spirit of freedom, and its outward symbols—Independence Hall, The Liberty Bell—are Philadelphia's priceless heritage. Let us remember to honor those who bequeathed these treasures to us. And let us remember to honor, and to hallow, freedom itself.

Tractor-Trailer Knocks Down Porch On Simpson's General Store in Eagle

A tractor-trailer knocked the front porch off a general store on Route 100 in Eagle yesterday noon. The truck was driven by Henry Mercier of Baltimore, Md. The store is owned by R. G. Simpson. Mercier told State police he had parked the truck off the highway next to the store so he could make a telephone call at the Eagle hotel.

As he started the truck up, he looked back to see if any cars were coming. AS THE TRAILER moved ahead, it hooked one of the supports holding the porch roof up. The roof collapsed onto the cab of the truck. State Police said a total of \$3500 damage was caused to the truck and the store front.

Local Police Will Get Membership in YMCA

Members of the Pottstown police force will get complimentary senior department memberships in the YMCA, it was announced yesterday by David K. Cooper, general secretary.

The memberships are being offered because police officers are performing public service, Cooper said, and because it is good for the Police department and the "Y" to have a close working relationship.

Cooper notified Chief James A. Laughhead of the "Y" membership committee's action on the matter in a letter.

Ship Inn Has Historic Background But Serves Modern Delicious Meals

For delicious steaks and select seafoods you'll delight in dining at the Ship Inn, located one mile east of Exton on Route 30 (Lincoln Highway).

Walter and Helen Eshelman are Inn Keepers of this historic but modern establishment which also has a cocktail bar for your further pleasure.

The Ship Inn is open seven days of the week, and also caters to private parties.

It is in the original building built by John Bowen in 1796 and was famous for years as a popular stopping place for the stage coaches of that period.

THE MODERN "Ship" takes its name from the old signboard which used to swing in front of the original tavern. All public houses of that day had signboards with pictures on them. This was necessary because many of the travelers could not read. Quite a few were Pennsylvania Dutch who couldn't understand English letters. But all could recognize pictures and the "sign of the Ship" was a popular stopping place.

Here is jewelry at its best, because Mr. Longacre's policy since going in business years ago has been to give customers quality and more quality.

If it's a diamond ring, of course you've got to trust to your jeweler's honesty unless you know diamonds yourself. That is why so many people buy their diamonds from Mr. Longacre, knowing they are getting the finest in these precious stones plus value received at all times.

You'll also find a good showing of fine silverware, which always makes an ideal gift for the bride.

Limerick Garage Features Tuneups

If you haven't already started on your Summer vacation trip, then here's a suggestion if you are driving:

Take that automobile of yours to a skilled mechanic in a reputable garage and have it checked over thoroughly for possible defects and needed repairs and then have him do the job.

You may save yourself a lot of money, a lot of headaches, and a lot of trouble.

For if that car would break down on a strange highway, you might have to be pulled in at heavy expense. Then a strange garage where prices might suddenly go up. Then a loss of time on your vacation—perhaps several days while parts are ordered, repairs made.

WE HOPE this doesn't happen to you but if your car is a little old, it could.

Certainly it would be a much wiser move to have it checked at a garage where you know the owner and the mechanics. A good flat 314 cents. Local patrons secured the same meal for 25 much, would give you better get-cents. Since the Ship was a regular meeting place for the Lafayette Rangers—a soldier company which was part of the 143rd Regiment, more carefree one, if you have Pennsylvania Militia—and, later, for the Hickory Club which militantly supported Andrew Jackson, the host probably knew what he was doing when he set two rates for the same meal.

The DECLARATION OF INDEPENDENCE

Bold in design was the action taken by our Founding Fathers on that unforgettable Fourth of July, when the Declaration of Independence proclaimed the birth of our nation. That was 179 years ago. We celebrate July Fourth as Independence Day, not only to honor those who so courageously fought that we might be free, but also to proudly proclaim our determination to keep our banner of freedom flying forever.

USWA Loses at Perkasio, 3-2, From Collapse in 6th

3 Errors Spoil Terry Shaner's 2-Hit Pitching

The USWA 2326 infield sprung a leak in the sixth inning allowing three unearned runs to score and giving Perkasio Legion a 3-2 victory Saturday afternoon.

The home Perkasio team is now sole owner of first place in the Bucks-Mont Legion Junior League with a 4-1 record. USWA dropped its second game in five decisions.

Terry Shaner allowed only two infield hits, neither figuring in the scoring. But shortstop Dick Hurter lived through a bad sixth inning, one he won't forget for a long time as he committed three errors.

Hurter, whose fast work on double plays has been a big lift to Worker pitchers this season, made a bad throw and muffed two grounders.

Leading 2-0 going into the bottom of the sixth, the Workers saw their advantage fade in a hurry.

Hurter tossed wildly to first after fielding Dick Clymer's grounder. Ted Hollenbach hit back to short and Hurter was unable to find the handle. When he also misplayed Tom Nonemaker's grounder, Clymer scored the first run.

The Perks attempted a squeeze play but Shaner pitched wide to Mike Lunn and the USWA catcher pulled the ball in to tag Hollenbach who slid into home plate. The ump called the runner safe and the score was tied.

Lunn threw out Bill Lutz, who had bunted, but Nonemaker scored before the return throw from first reached home plate.

The only hits Terry allowed were a bunt in the fourth inning and a hard smash that hit him and bounced away in the seventh.

Nonemaker limited the Workers to four hits and he got better as the game progressed.

A walk to Hurter, to open the game, Mike Lunn's first single and Bob Sandoe's sacrifice moved two runners into scoring position.

Bob Freese also bunted and Hurter scored.

Lunn opened the third frame with his second hit and after stealing second and third, came home as Freese grounded to shortstop.

Shaner had pitched 15 straight scoreless innings before Perkasio scored in the fourth.

Big Recreation Commission Program

Young Athletes Well Accommodated

The Pottstown Recreation commission's Summer Sports program rolled into high gear the past week, with attendance figures reaching a new high.

Baseball, softball and tennis programs will highlight the Summer schedule with opportunities for youngsters and adults to participate.

Five leagues, baseball and softball, are being operated by the commission this year. A girls softball league, composed of four teams of girls of high school age, started the past week.

Recreation director Bob Reis was very pleased with the increased attendance at the tennis sessions being conducted by Bill McCabe at the Hill school's Beech street courts.

Average attendance during the first week was about 35 youngsters each morning. That almost doubles last year's daily turnout. There were 32 present on opening day.

For adults, the courts are open each afternoon from 4 o'clock until 8. Paul McLaughlin is supervisor.

McCabe's classes begin at 10 o'clock and continue until noon each weekday morning except Tuesday. During the later part of each session McCabe plans to allow the more experienced players to conduct informal tournaments.

During this period, on Saturdays the open hours are 10 in the morning until 6 o'clock in the evening.

The three Memorial park fields are occupied practically every night as the Sunday School, Junior and Knee-Hi leagues are giving their fans a good brand of ball.

At Franklin field annex, the City Softball league is engaging in one of its hottest races in years.

More than 100 youngsters are enrolled in the 8 to 12 division of the commission's baseball school conducted each weekday morning at Memorial's No. 3 field.

On the No. 1 diamond boys 13 to 16 take part in the other division of the school. Leagues have been formed in both sections and games will be played for the next seven weeks. There are 58 boys signed up in the Junior division.

Upstart Pirates Lace Dodgers Again, 7-5, for 3d in Row Over NL Leaders

BROOKLYN, July 3 (AP)—The upstart Pittsburgh Pirates won their third straight from the Brooklyn Dodgers today, 7-5, in the first game of a doubleheader as Ronnie Kline retired the last 16 men in a succession to receive credit for his second relief victory in two days.

The 23-year-old righthander allowed only two hits, a single by Carl Furillo in the third and a double by Don Hoak in the fourth, in a brilliant seven-inning job after he replaced Lino Donoso.

Roberto Clemente's second triple of the game scored Harding Peterson with the tie-breaking run in the fifth and Frank Thomas nailed it down with his 10th homer in the ninth.

INDEPENDENCE DAY

"We Hold These Truths To Be Self-evident, That All Men Are Created Equal"

Echoing through the years of our country's proud history, the words of the Declaration of Independence are living truths...now as then, truths to be held and cherished, guarded and preserved by all Americans. This year, more than ever, Independence Day is a time for us to be deeply aware of our priceless heritage of Independence and the right of one and all to life, liberty and the pursuit of happiness. Let us resolve, with the same high purpose and dedicated spirit that moved our forefathers, to remember these truths thankfully and to act so that they shall ever be meaningful.

Jack Meyer's Wild Pitch Allows Giants to Score 4-3 Win Over Phils

PHILADELPHIA, July 3 (AP)—A other double by Seminick tied the wild pitch by relief pitcher Jack Meyer with the bases loaded in the seventh inning sent Willie Mays romping across the plate with the run that gave the New York Giants a 4-3 victory over the Philadelphia Phillies today before 8,259 at Connie Mack Stadium.

Bob Miller, who relieved starter Murry Dickson in the first when the Giants scored three runs, was hurrying for the Phillies at the start of the seventh. He was replaced by Ron Mrozinski after Whitey Lockman doubled and Mays singled past short, sending Lockman to third.

Roy Smalley made a fine stop of Don Mueller's bid for a hit and started a successful run down on Lockman between third and home. A battle of wits between Managers Mayo Smith of the Phils and Leo Durocher of the Giants followed.

Durocher sent Sid Gordon to bat for Henry Thompson and Meyer, a righthander, relieved Mrozinski. Then Durocher sent Dusty Rhodes to bat for Gordon. Smith ordered Rhodes intentionally passed, loading the bases for a possible play at any base. Meyer wild pitched to upset the strategy.

The Giants scored their three in the first on singles by Davey Williams and Mueller, a double by Thompson and a single by Gail Harris. Miller held the New Yorkers scoreless until he was lifted in the seventh.

Andy Seminick's double, a single by Smalley and a double by Miller scored two for the Phillies in the second. Willie Jones' single and an-

Sullivan Wins 11th For Red Sox, 7-2, Over Baltimore

BALTIMORE, July 3 (AP)—Frank Sullivan hurled his 11th victory of the season today, as the surging Boston Red Sox handed the lowly Baltimore Orioles their 12th defeat in a row, 7-2. Sullivan, who has lost six, helped the Red Sox to their 22nd triumph in the last 27 games, as Grady Hatton knocked in three runs with three hits out of four trips to the plate.

Ted Williams returned to action for Boston for the first time in nine days. His only hit was a single that dribbled past the mound.

One of Hatton's blows was a double as the Red Sox picked on the offerings of two Baltimore hurlers for 10 hits. By winning their third straight against the Orioles, the Red Sox further solidified their hold on fourth place in the American League.

A four-run, third-inning outburst at the expense of Jim McDonald, who suffered his third defeat in five decisions, sewed up the verdict for the 6-foot 7-inch Sullivan.

7 Homers Belted As Braves Down Cincinnati, 7-3

CINCINNATI, July 3 (AP)—The Milwaukee Braves blasted the Cincinnati Redlegs 7-3 today in a home run slugging duel. Bobby Thomson, Ed Mathews and Del Crandall each rocketed two-run homers for the Braves while Ted Kluszewski and Wally Post slugged bases-empty circuit clouts.

Thomson homered in the second inning off starter-loser Joe Nuxhall, Mathews came through in the third and Crandall in the fourth. The Braves put together their last run in the fourth on two walks and a single to center by Hank Aaron.

Warren Spahn notched his sixth victory against eight defeats in going the route. Klus's home run over the center field wall was his 26th of the year. It was No. 19 for Mathews, 18 for Post, 10 for Crandall and 6 for Mathews.

Try and Stop Me

By BENNETT CERF

BILL MAULDIN confides the formula whereby Harold Ross, late and great New Yorker editor, managed to stay off radio and TV programs. Ross explained, "Whenever one of those — round-tables or something called up, I'd say, 'Hell, yes. I'll be glad to sit in on your — panel, or whatever the — you call it!' The word soon got around that I couldn't draw a breath without cussing and the — hucksters never bothered me again."

Table Topics cites the case of three gay old gals—total age about 120—who came in from the suburbs for lunch in town and a martini. One waved her menu kitchently and exclaimed, "Remember, girls, this is our day to throw caution to the winds! What'll we start with: Martinis, Scotch, or marinated herring?"

"Teaching my wife to play poker," boasted Aristides Henpeck, Jr., "was a positive inspiration. Why, last Saturday night I won back a third of my salary!"

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
